

Buyer/Donor Information

Dear Buyers and Donors,

We would like to first thank you for supporting the youth of Burnet County through the Burnet County 4-H and FFA Livestock Association. The Burnet County 4-H and FFA Livestock Association strive to better the lives for the youth of Burnet County through our efforts in the Annual Burnet County Livestock Show. We feel there are tremendous benefits from being involved in the livestock industry for youth and understand the importance of agriculture in our world. We also realize nothing that we do could be accomplished without the generous donations from people and companies like you.

The Burnet County Livestock Show allows youth from the county to come and exhibit their livestock and ag mechanics projects with the opportunity to be in a premium sale. We are proud to be able to let 100% of livestock exhibitors go through the sale ring. The money these youth receive goes to fund anything from future projects to college tuition.

Recently, we have come across some questions regarding the Livestock Association and how to get involved/donate so below is some information that should help clear up most questions.

The Burnet County 4-H and FFA Livestock Association is a 501 (c) 3 organization. (EIN # 74-2073867). If you would like to donate checks can be made out to Burnet County 4-H and FFA Livestock Association. We hope this can help you answer any questions you may have but if not we can be reached at bclivestockshow@gmail.com .
